EXPERIENCE

ExodusPoint Capital Management, LP - $12B AUM Multi-Strategy Hedge Fund **New York, NY**
Summer Analyst - Equity L/S (Consumer & TMT) Jun 2025 - Aug 2025
- Researched 15+ Consumer & TMT equities to support long/short portfolio construction, generating trade ideas presented to 2 Portfolio Managers.
- Built a quantitative screening tool analyzing 110+ retail-driven tickers to flag high-risk short squeeze candidates, strengthening risk oversight.
- Designed risk management databases and dashboards used by Risk team and 45+ PMs, delivering daily snapshots on 30+ portfolio risk metrics to improve monitoring efficiency.

Posana - Protein Bar Startup **Berkeley, CA**
COO, Investor, Advisor Aug 2024 - Present
- Invested in and advised a high-protein, high-fiber vegan protein bar startup projected to launch in Sept 2025 with 3 flagship SKUs.
- Negotiated wholesale discussions with 3 major distributors, positioning Posana for $100K+ in pre-launch sales.
- Built investor pitch materials and financial models that supported $500K in pre-seed fundraising commitments.

AfterQuery Experts - AI-Driven Financial Research Platform **Remote**
Financial Analyst Apr 2025 - May 2025
- Developed 60+ advanced financial questions on Fortune 500 10-Ks, directly training the AI model powering institutional-grade research tools.
- Designed multi-step reasoning frameworks with page-level sourcing, boosting automated validation success rates by ~35%.
- Produced structured financial analysis on 12 public companies, including DoorDash, LivaNova, and VICI Properties.

IgniteXL Ventures - Early-Stage VC Firm **Remote**
VC Deal Sourcing Intern Sep 2024 - Oct 2024
- Spearheaded market research, identifying 25+ early-stage health & wellness startups, leading to firm investment discussions with 5 companies.
- Streamlined due diligence processes, analyzing financials and market positioning, contributing to a ~35% increase in deal evaluation efficiency.
- Delivered investment memos that directly supported decisions on $2M+ in potential investments during weekly partner meetings.

Webacy - Web3 Security Startup **Remote**
Web3 Security Data Analytics Intern Sep 2024 - Oct 2024
- Investigated blockchain data, uncovering 20+ security vulnerabilities and preventing potential exploits worth $500K+ in smart contract value.
- Built 5 real-time Power BI dashboards to monitor on-chain activity, increasing anomaly detection efficiency by ~40%.
- Engineered risk assessment models that enhanced crypto asset protection protocols, reducing response time to threats by ~13%.

ExodusPoint Capital Management, LP - $12B AUM Multi-Strategy Hedge Fund **New York, NY**
Quant Strategy and Equity Risk Management Intern Jun 2024 - Aug 2024
- Collaborated with Quant Researchers to design and refine backtesting algorithm on firm's largest fixed-income portfolio, optimizing hedging strategy and improving performance by ~3.4% (340 bps) MoM.
- Produced daily equity risk factor reports for 5+ PMs, and developed models with IT and Biotech RV teams to quantify factor sensitivities, stress-test exposures, and enhance portfolio risk oversight.
- Performed arbitrage profitability analyses in proration/stock-swap events, identifying spread compression risks and execution slippage.

LEADERSHIP & EXTRACURRICULARS

IISE at Berkeley - Berkeley's Chapter of the Institute of Industrial & Systems Engineers **Berkeley, CA**
Director of Corporate and Alumni Relations, Consulting Department Project Advisor Sep 2024 - Present
- Led 10+ professional development workshops for 100+ members, boosting interview preparedness and technical skills.
- Coordinated guest speakers from 15+ firms; ~20% of attendees secured internships through alumni and recruiter connections.
- Secured $15,000+ in sponsorships and increased event participation by 30% through optimized outreach.
- Organized industry events with United Airlines, Procter & Gamble, Blue Origin, and Tesla (factory tour), expanding member exposure to top employers.
- Matsya - Built launch website and funding plan, generating 15+ investor leads; Thoyen - Developed investment pipeline strategy that identified 20+ high-potential targets and secured early investor interest; AZ - Designed data-driven marketing and recruitment framework projected to improve client acquisition efficiency by ~25%.
