EDUCATION

High School: King's College London Mathematics School **GPA:** 4.0/4.0 **SAT/ACT:** 35 ACT
College: UC Berkeley **Major:** Undeclared engineering
Honors/Awards: One of two students chosen from the UK to attend the 41st MIT Research Science Institute (RSI), Qualified for National Finals in the 'Formula 1 in Schools' competition (I was the Head of Engineering), Became a PADI Open Water diver at age 10 (youngest possible age), and an Advanced Open Water diver at age 12 (youngest possible age)

PROFESSIONAL EXPERIENCE

Research Science Institute (RSI) *MIT*
One of two students chosen from the UK to attend the 41st MIT Research Science Institute *24th June 2024 - 3rd August 2024*
- Conducted research at the MIT MSEAS lab using MATLAB and JavaScript
- Added reachability sets to sea visualization tools to help ships identify the most efficient route between two points by considering currents, temperature, and vorticity in different parts of the sea
- Mentored a sophomore through the RSI application process, the RSI experience itself, and now with college applications

Teens in AI *London*
Lead organizer of the London techathon held in partnership with Teens in AI *11th October 2018 - 10th March 2024*
- Been participating in Teens in AI-led hackathons since age 11, where teams of teenagers ideated solutions to the UN Sustainable Development Goals
- Began mentoring 11 to 18-year-olds in design thinking, programming, and the creation of business plans at age 14
- Organized a hackathon last year in London with 40+ participants, 7 judges, and 15 mentors.
- Sourced the venue and food, networked via LinkedIn with industry professionals from companies like IBM and Microsoft to find mentors and judges, and created and delivered educational presentations throughout the event

Oyster Diving *London*
Assistant scuba diving instructor at Oyster Diving *1st October 2021 - 30th June 2025*
- Been a PADI Open Water scuba diver since age 10 and an Advanced Open Water scuba diver since age 12
- Been an assistant scuba diving instructor since I was 14
- Taught confined water scuba skills, including mask removal, CESA, and regulator recovery for PADI Open Water Diver and Advanced Open Water Diver courses to adults in Soho, London

LEADERSHIP EXPERIENCE

Formula 1 in Schools professional class *London*
Head of engineering for my school's 'Formula 1 in Schools' professional class team *1st September 2021 - 24th March 2024*
- Used Autodesk Fusion 360 CAD software to design the car chassis and CFD software to test the car
- Managed a team of 6, ensuring all deadlines were met and that we stayed within budget

University of Southampton *University of Southampton*
Conducted research with the University of Southampton *1st October 2021 - 30th June 2023*
- Used Python libraries, including Geopandas and Matplotlib, to analyze the factors that affect ship waiting times at ports
- Read scientific literature to become familiar with nautical terminology

Independent designer and builder *Carpentry workshop in London*
Created an ergonomic electric sit-stand desk *1st October 2021 - 1st February 2023*
- Designed the desk using Autodesk Fusion 360 CAD software
- Used carpentry tools like planers, drills, and CNC machines to build the desk

SKILLS & INTERESTS

Skills: Python, Computer-Aided Design, Computational Fluid Dynamics, Canva, Bengali
Interests: Scuba diving, Taekwondo, Stand-up comedy, Reading non-fiction books
