Alaric Chen

(587) 436-3087 • ziqing.chen@berkeley.edu

EDUCATION

University of California, Berkeley – Berkeley, CA **May 2029**
Bachelor of Science in Business Administration and Computer Science (Intended)
High School GPA: 3.93/4.00 | SAT: 1530/1600 (Math 800, EBRW 730)

EXPERIENCE

Liber Management **Aug 2025 – Present**
Financial Analyst Intern
- Sourced and screened 20+ safety training and apparel services companies using regulatory filings, drafting targeted outreach emails and research briefs that advanced 2 prospects into preliminary diligence
- Built Excel-based LBO and market comparables in collaboration with managing partners to evaluate transaction opportunities, producing valuation ranges and return profiles that shaped prioritization of acquisition targets

SimCare AI (Y Combinator S24) - AI patient simulations **Jul 2024 – Mar 2025**
Financial Analyst Intern
- Built investor decks, milestone-based forecasts, and dilution scenarios to evaluate capital runway and investment impact for pre-seed and seed rounds, supporting a $650K raise from Sand Hill North and Transpose Platform
- Conducted cohort-based LTV and CAC analyses to optimize go-to-market spend and forecast revenue growth
- Collaborated with founders to project post-raise burn under different hiring and GTM strategies, using insights to guide fundraising strategy and and target raise size, reducing capital needs by 20%

Innovenium Tech - University networking platform **Jun 2023 – Sept 2023**
Back-end Developer Intern
- Collaborated with the engineering and product teams to implement multi-tenant backend architecture using Node.js, enabling scalable service deployment for user authentication, job matching, and real-time messaging
- Co-developed candidate-employer matching system by defining scoring logic based on skills and experience, then engineering backend logic to normalize and rank matches, reducing data processing costs by 35%

HSBC **Aug 2022 – Nov 2022**
Internship Team Lead
- Supported investment managers by researching market comps and assisting in comparative valuation analyses
- Led 12 interns in summarizing valuation insights and compiling key risks and mitigants for final deliverables

EXTRACURRICULAR ACTIVITIES

Young Investor Society Global Stock Pitch Competition **Mar 2024 – May 2024**
Finalist
- Conducted equity analysis on Eli Lilly, assessing pipeline strength, market positioning, and valuation via DCF; evaluated risk factors, competitive moat, and near-term catalysts to support final equity value recommendation
- Presented findings to industry judges, defending valuation assumptions and investment thesis during Q&A

Wharton Global Investment Competition **Sept 2023 – Apr 2024**
Finalist
- Led team of 5 to develop a portfolio targeting 17% CAGR by coordinating weekly strategy meetings, delegating research based on team strengths, and ensuring alignment with client's investment goals and risk profile
- Developed top-down portfolio strategy, evaluated macro trends to form investment theses, performed comps analysis, applied Markowitz theory for risk optimization, and projected returns with Monte Carlo simulations
