Anika Bhutani

abhutani@berkeley.edu | 669-289-5772

Focused on machine learning, data systems, full-stack, and applied research in finance and healthcare.

Education

UNIVERSITY OF CALIFORNIA: BERKELEY — Berkeley, CA

Bachelor of Science - Engineering | GPA: 3.93/4.0 — 2025 - 2029

- Structure & Interpretation of Computer Programs (A-), Foundations of Data Science (A), Data Structures & Algorithms (IP), Linear Algebra & Differential Equations (IP), Principles and Techniques of Data Science (IP)

ARCHBISHOP MITTY HIGH SCHOOL — San Jose, CA

High School Diploma | GPA: 4.0/4.0 | SAT: 1560 — 2021 - 2025

- National Merit Finalist, Non-Trivial Fellow, Outstanding Achievement Award in Mathematics & English
- Captain of Speech and Debate (Semifinalist at State, Semifinalist at Cal Invitational), Newspaper Editor (Opinions)
- Relevant Coursework: AP Computer Science A (5), AP Calculus BC (5), Linear Algebra & Multivariable Calculus (A)

Experience

OUTSAMPLER — Remote

AI Engineer Intern — Jan 2026 - Present

- Working on mitigating bias in a proprietary LLM used for financial investment analysis and decision support
- Utilizing reinforcement learning in a small language model training pipeline to improve quality and reliability of results

PHARMA ACE — Remote

Data Science Intern (Consulting) — Jun 2025 - Dec 2025

- Developed cancer-predictive machine learning model in Python using decision trees and RandomForest modeling
- Built a network of relationships between physicians based on patient referral data using k-Nearest Neighbors clustering

STANFORD UNIVERSITY — Palo Alto, CA

Data Science Research Intern — May 2024 - Oct 2024

- Piloted spatial transcriptomics project with RNA-sequential cerebral 3-dimensional data using Python, R, and SQL
- Built Java application that filtered color channels of microscopic images to examine brain's penumbra line

Projects

SMART CLINICAL - *Python, JavaScript, Streamlit, HTML, decision trees, API & web scraping, Tableau* — 2025

- Built app for hospital resource allocation, dependent on patients' predicted risk level from RandomForest algorithm
- Placed 2nd at UC Berkeley's Datathon for Social Good (Public Health)

KINKADE THEATER ACOUSTIC MODEL - *SciPY, Python* — 2025

- Applied differential modeling to optimize placement of diffusers and reflectors in school theater for sound uniformity

ENERGY EQUITY MODEL - *Python, Pandas, decision trees* — 2025

- Built machine learning model to predict regional solar energy potential based on population density, economic factors, and irradiance data, achieving an R^2 score of 0.92

PREDICTING SURGICAL PHASES - *Python, Pandas* — 2024

- Engineered Markov Chain model to predict order of procedures in a cholecystectomy based on the preceding state

JUSTICE JUNCTION - *Java, CSS* — 2024

- Designed web-app for youth to explore social issues updated in real time; 2nd/600+ at Western Digital Hackathon

PNEUMONIA DETECTION - *Python, Sci-kit Learn, neural networks* — 2023

- Compared efficacy of CNN, KNN, and data augmentation to detect pneumonia in lung x-ray images
- Achieved a peak of 86% accuracy using the convolutional neural network (CNN) model

TEENTASKFORCE - *Figma* — 2021 - 2022

- Used Figma to design Uber-style prototype application connecting household tasks to teenage workers
- Pitched business & revenue model; 3rd/100 at BYU PitchFest ($1000) and 1st/8 at Coder Central Incubator ($500)

Leadership

SNOWFLAKE LEARNING — Santa Clara, CA

Computer Science and Physics Lead — Feb 2024 - May 2025

- Created AP Computer Science and AP Physics C: Mechanics curricula for students with learning disabilities
- Partnered with local libraries & city events calendar to increase user base by ~16% from 2024 to 2025

Skills

- *Languages:* Python, Java, SQL, HTML, Scheme, CSS, Unix/Linux OS
- *Frameworks & Libraries:* NumPy, Pandas, Scikit-Learn, Matplotlib, Seaborn
- *Tools:* Git/GitHub, Jupyter Notebook, Tableau, Figma, Visual Studio Code, IntelliJ, ImageJ, Microsoft Office
- *Concepts:* ML (regression, decision trees), Full-Stack, UI/UX, Prompt Engineering, EDA, LLM
