EDUCATION

UC Berkeley — B.A. in Economics **Class of 2029**

Bombay Scottish School — Mathematics, Economics, Accounts, Commerce, English **Class of 2025**

PROFESSIONAL EXPERIENCE

Partners Group — Private Equity Intern **May–Jul 2026**

- Conducted data-driven research supporting investment theses across target sectors, synthesizing market intelligence, operational benchmarks, and financial data to inform deal-level decision-making within the PE team.
- Delivered sector-specific analyses and competitive benchmarking studies, providing actionable insights on growth opportunities, peer comparisons, and market positioning to support the firm's deal pipeline.

The Standard — AI Strategy & Operations **2026–Present**

- Working directly with the founder to architect and deploy AI-driven solutions across sales and operational workflows, identifying high-impact automation opportunities that drive measurable revenue and efficiency gains.
- Designed AI-powered tools to enhance lead generation, customer engagement, and conversion funnels, serving as a core strategic partner in the company's digital transformation roadmap.

Berkeley Economic Review — Empirical Analyst **Sep 2025–Present**

- Perform rigorous empirical analysis for peer-reviewed academic publications using advanced statistical methods to evaluate economic trends and policy impacts; collaborate across editorial teams to produce data-driven insights.

RMB Capital Works — Intern **Jul–Aug 2025**

- Led market sizing and adoption analyses for specialized risk models, benchmarking sector growth against competitor frameworks; synthesized findings into executive-ready recommendations for leadership's product expansion strategy.

Value Research — Intern **Jun 2025**

- Researched India's mutual fund industry and authored investor-focused articles on AUM flows, expense ratio dynamics, fund categorizations, and risk-return optimization strategies for retail and institutional audiences.

Mayfield India — Intern **May 2024**

- Analyzed India's VC landscape through quantitative reviews of investment quantum, asset mix, and investor profiles; prepared research briefs on emerging sectors supporting the Managing Partner's deal evaluation workflows.

Institutional Investor Advisory Services — Intern **Dec 2023**

- Produced a CEO Succession Planning report for NIFTY 50 firms, quantifying executive transition impacts on equity performance and long-term shareholder outcomes through cross-sector governance analysis.

Aionios Alpha Investment Management — Intern **Sep 2023**

- Researched strategic opportunities in satellite navigation (NaviC), identifying market gaps, regulatory tailwinds, and competitive dynamics to support investment thesis development and opportunity screening.

RESEARCH & PUBLICATIONS

Changing Trade Mix of China

- Guided by Neelkanth Mishra (PM's Economic Advisory Council), a six-year U.S.-China trade strategy analysis published by MoneyControl (30M+ viewers) and Curieux Academic Journal, presented at Innosphere Conference (Sigma Xi).

Credit Access in India: Challenges and Opportunities

- Collaborated with Prof. Rajkamal Iyer (Imperial College London) to assess structural barriers to credit for Indian households and entrepreneurs across four key macroeconomic and institutional factors.
