Professional Experience

Waymark Wealth Management **Marlborough, MA**
Research Intern August 2025 – Present

- Conducted comparative analysis of 30+ advisor-sold 529 plans, evaluating expenses, glide paths, asset allocations, and multi-year performance across investment classes to identify cost-efficient, high-return investment options.
- Built detailed research summaries and dynamic comparison models in Google Docs and Excel, generating actionable insights and structured takeaways to directly support client-facing recommendations and strategic discussions.
- Findings directly informed senior advisors' presentations, influencing investment decisions and college savings strategies.

Cedar Oak Capital **Remote**
Private Equity Analyst Intern May 2025 – July 2025

- Prepared 5–10 detailed pitch decks for acquisition targets, presenting strategic fit, comprehensive financial profiles, and in-depth risk assessments directly to the investment team for evaluation and decision-making purposes.
- Sourced ~30 small-to-mid market companies (~3 per week over 10 weeks) through Capital IQ, Apollo.io, and targeted direct outreach, thoroughly evaluating market position, financial health, and long-term acquisition potential.
- Completed 400+ cold calls (~40–50 per week) with business owners and executives, refining outreach strategies, strengthening communication skills, and generating qualified actionable leads for high-potential deals.

University of Massachusetts Amherst **Amherst, MA**
Software Engineer Intern & Assistant Grant Writer March 2023 – October 2024

- Coded 100+ interactive math problems into the lab's tutoring platform using HTML, CSS, and JavaScript, ensuring seamless integration with backend servers and optimizing functionality for diverse student learners.
- Designed and implemented 50+ bilingual (English/Spanish) animations to enhance accessibility and student engagement.
- Contributed to a $650,000 NSF grant proposal by conducting literature reviews, drafting background research, synthesizing key findings, and creating educational content modules to support project objectives and program impact.

Leadership Experience

Learn It (501 (c)(3) non-profit) **Boston, MA**
Chief Executive Officer / Co-Founder February 2023 – Present

- Founded and scaled a global nonprofit to 1,000+ members across 50+ countries, forging partnerships with 50 NGOs and community organizations to advance health, wellness, and sustainability-focused education initiatives.
- Directed an international hackathon with 470 participants and $20K+ in prizes, mobilizing youth across multiple countries to design innovative, practical solutions addressing pressing global health, climate, and sustainability challenges.
- Recognized for youth leadership and community impact in the Community Advocate newspaper, highlighting Learn It's role in democratizing education, hosting global webinars, and building an international student community.

Global Wellness Watch **Remote**
Lead Developer / Co-Founder September 2023 - December 2024

- Built and launched a comprehensive web app delivering daily global health insights, coordinating volunteering initiatives, tracking engagement, and fostering community collaboration, engaging 75K+ users across 50+ countries worldwide.
- Partnered with 100 NGOs to expand reach and promote collaborative action on public health and sustainability.
