EDUCATION

University of California, Berkeley **GPA: 4.0/4.0, Expected Graduation: May 2029**

- **Bachelor of Arts in Analytics; Intended Dual Major in Applied Mathematics**
- **Relevant Coursework:** Introduction to Business, Foundations of Data Science, Multivariable Calculus, Linear Algebra & Differential Equations (In Progress), Structure and Interpretation of Computer Programs (In Progress)

San Ramon Valley High School (Class of 2025) **SAT: 1510**

- Varsity Cross Country (Captain), Varsity Soccer, Varsity Track

PROFESSIONAL EXPERIENCE

ExtraShine Power Washing LLC – Bay Area, CA **Co-Founder & Operator | May 2024 - Present**

- Founded and scaled a commercial services LLC generating $10,000+ in revenue by servicing Bay Area real estate investors and property managers.
- Negotiated pricing and service contracts with property owners, building repeat clients and improving revenue through market-based pricing.
- Redesigned pricing from time-based to square-footage-based, increasing average job revenue by ~25%.
- Shifted customer acquisition from door-to-door sales to professional digital marketing by outsourcing advertising to a professional firm, launching branded merchandise and uniforms, and expanding to Google, Facebook, and Nextdoor.
- Managed operations and financials end-to-end, overseeing scheduling, invoicing, and cash flow.

Compass Real Estate – Bay Area, CA **Real Estate Intern | April 2025 - Present**

- Analyzed underwriting models for commercial and multifamily properties, evaluating NOI, cap rates, and cash-on-cash returns to assess investment viability.
- Reviewed Santa Clara County market data to inform income and expense assumptions and evaluate comparable property performance.
- Evaluated income stability and long-term value growth assumptions for assets in rent-controlled submarkets.

Hwy Haul – Santa Clara, CA (Hybrid) **Intern | Jan 2026 - Present**

- Drove lead generation and outbound sales by sourcing and qualifying prospective clients across logistics and freight markets.
- Sourced sales databases to organize outreach activity and manage the sales pipeline.
- Worked directly with stakeholders across all levels, from independent tradesmen to company founders and CEOs, in an early-stage startup environment.

RESEARCH EXPERIENCE

Political Economy & Institutional Analysis (Afghanistan) **Independent Researcher | Aug 2024 - May 2025**

- Authored a data-driven paper analyzing political and economic developments in Afghanistan and their institutional impact on women.
- Produced a final research paper *Gender, Society, and Institutional Change: Recent Developments Affecting Afghan Women* emphasizing cause-and-effect reasoning, societal trade-offs, and structural constraints.

Socioeconomic Analysis (Spain) **Department of History Brown University (Collaboration) | Jun 2023 - Sep 2023**

- Led primary qualitative research on the economic and cultural legacy of the Spanish Inquisition, including 50+ in-person interviews in Barcelona.
- Analyzed how the prominent public display of pork and alcohol in Spanish retail (originating as a signal of Christian identity during the Spanish Inquisition) continues to influence modern consumption patterns and social norms across Spain.
- Collaborated with Brown University Faculty to synthesize qualitative data into structured analysis.

COMMUNITY & SERVICE

MCC East Bay **Sept 2021 - Nov 2021**

- Supported Afghan refugee families with resettlement and community integration through assisting with logistics and access to local resources.

San Ramon Valley Unified School District – Special Needs Education Program **Aug 2022 - June 2025**

- Coached special-needs students in cross-country over four years, providing individualized training and long-term mentorship.
- Partnered with The Brain Foundation to raise $5,000+ for special-needs research and community programs.
- Trained an athlete who earned U.S. Paralympics High School All-American honors in the 1,500 meters and placed second at The Brain Foundation Annual 5K Charity Race.

ADDITIONAL:

- **Athletics:** Competitive runner (4:40 mile) with Strawberry Canyon Track Club.
- **Technical Skills:** Python, NumPy, Data Analysis, Regression, Statistical Inference, Data Visualization.
- **Recent Books:** Trevor Noah: Born a Crime, Kanhaiya Kumar: From Bihar To Tihar, Mehdi Hasan: Win Every Argument.
- **Interests:** Manual Cars, Spanish, Skateboarding, Distance Running, Premier League Soccer, Music Production (hip-hop/rap).
