Jørgen Bergh

Sagadammen 12 | OSLO, 0884 | jorbe@ntnu.no | +47 975 84 324

Education

NTNU: Norwegian School of Science and Technology
M.Sc. Industrial Economics and Technology Management Aug 2023 – Jun 2028
Technical specialization in Computer Science. 4.4 GPA

UC Berkeley Aug 2025 – Jun 2026
Upcoming exchange year, will be taking courses in AI, machine learning, economics, finance and optimization

Nydalen Upper Secondary School Aug 2019 – Jun 2022
Mathematics, economics, physics and programming. 6.35/6.4 GPA. Founder and leader of finance-club. Deputy leader mathematics club

Experience

Å Energi, AI/ML Engineering Intern Jun 2025 – Aug 2025
- Developed machine learning models to support digital monitoring and anomaly detection across 82 hydro power plants, got return offer
- Applied language models and computer vision to enhance decision support in hydropower operations

ReLU NTNU
ReLU: Student-led AI talent initiative offering machine learning consulting, aiming to bridge academic research with real-world industry needs

Project Lead Aug 2024 – Aug 2025
- Conducted market forecasting for the sonar industry by analyzing ~5,000 scraped news articles using LLM-based sentiment analysis to identify key market drivers and predict trends for the upcoming year
- Explored the use of OCR and LLMs to assess feasibility of automated error detection in customs declarations for Norbit

Data Scientist Jan 2024 – Aug 2025
- Helped develop a machine learning model to detect anomalies in energy consumption using time series data from ~200 buildings, each with five years of hourly readings
- Engineered features and trained models to identify unusual usage patterns, supporting proactive energy management and fault detection

Second-in-Command, His Majesty the King's Guard Oct 2022 – Sept 2023
- Responsible for overseeing up to 30 soldiers during active duty and aspects of the training in military drill

Leadership & Activities

Treasurer and Board Member, NTNUI Basketball Jan 2024 – Mar 2025
- Managed ~150k NOK budget, balance sheet, and income statement for Norway's largest student basketball club (~200 members)
- Led marketing and finance efforts to expand the club with two new teams

Rystad Energy Case Competition: Winner of best power trading model with ReLU team Feb 2025

Skills & Interests

Technical: Python, Java, SQL, KQL, Azure
Language: English, Spanish (conversational proficiency)
Interests: Basketball, Track and Field, Poker, Philosophy, Small game hunting
