Pasadena City College, CA **Jul 2023 – Jun 2025**

Major: *Economics* ***Cumulative GPA:*** *4.0*
Relevant Course Work: *Macroeconomics, Microeconomics, Financial Accounting, Managerial Accounting, Introduction to Business, Single Variable Calculus I, II, Multivariable Calculus, Elementary Statistics*

EXPERIENCE

TT's Rural Public Benefit Library, Shanghai **Oct 2020 – Present**
Co-founder

- Co-founded TT's Rural Public Benefit Library in my hometown, personally connecting with 10 publishers to secure book donations and collaborating with Shanghai Children's Health Foundation to raise startup funds, significantly improving community access to educational resources.
- Planned and coordinated community events and environmental projects, including organizing university students for a Dongtan beach cleanup.

ABC International Capital Limit, Hong Kong **Jul 2025 – Aug 2025**
Investment Banking Division Intern

- Conducted industry and company research and participated in internal strategic discussions with senior and ED to analyze business models, product highlights, key growth drivers, and potential red flags across companies in healthcare, automotive, and supply chain management sectors.
- Prepared pitchbooks and conducted capital market analysis, including independently drafting key sections such as industry overviews, company highlights, and business valuation to support pre-deal meetings and roadshows.
- Extracted and analyzed market data using Bloomberg Terminal to support valuation work; independently built comparable company valuation models in Excel and assisted in updating operating forecast models to support client recommendations and pitchbook materials.

Ernst & Young, Shanghai **Jun 2024 – Jul 2024**
Assurance Services Intern

- Collected and analyzed annual reports and financial statements of China's top 30 publicly listed real estate companies.
- Assisted in preparing the 2023 China real estate industry white paper and identified key operational trends including revenue growth, gross margin, and turnover ratio under evolving market conditions, directly contributing to EY's industry trend forecasting.
- Assisted in drafting EY's IPO service proposal for potential clients, including a customized summary of common HKEX inquiries and audit focus areas, helping the client anticipate disclosure risks and streamline IPO preparation.

PROJECTS

Accounting Class Team Project, Pasadena **Sep 2024 – Nov 2024**
Team Member & Sales Forecasting Lead

- Collaborated on a comprehensive annual master budget in Excel, with a focus on leading the development of revenue forecasts, such as pricing strategy, volume projections, and seasonal demand analysis.
