Disha Yaliwal

Berkeley, CA | 669-222-0452 | dishayaliwal@berkeley.edu | linkedin.com/disha-yaliwal

EDUCATION

University of California, Berkeley | Walter A. Haas School of Business **GPA: 4.0**
B.S. ***Business Administration (Global Management Program),*** **B.A.** ***Data Science*** *Graduating*: May 2029
Honors: Regents' & Chancellor's Scholar, Gold President's Volunteer Service Award, Hugh O'Brian Youth Leadership Award
Relevant Coursework: Principles of Business, Probability & Statistics for Business, Personal Finance, Macroeconomics, Microeconomics, Calculus I, II, Foundations of Data Science, Artificial Intelligence, Introduction to Computer Science

PROFESSIONAL EXPERIENCE

G2C Ventures **Palo Alto, CA**
Incoming Equity Research Analyst *June 2026*

Qualcomm **Berkeley, CA**
Product Analyst (Contract) *September 2025 - January 2026*
- Defined product requirements and success metrics for an on-device AI agent framework using Google ADK, enabling faster deployment of LLM-powered applications across Snapdragon devices while optimizing performance and resource constraints
- Led a competitive analysis of on-device AI platforms, evaluating onboarding workflows and user accessibility across the market
- Synthesized findings and presented recommendations to the engineering team to improve usability and support product adoption

Old Navy **Saratoga, CA**
Retail Sales Associate *June 2024 - May 2025*
- Processed 80+ transactions and assisted 15+ customers per shift, ensuring smooth checkout and personalized shopping experiences
- Led in-store efforts to promote the loyalty card program, generating a 13% increase in sign-ups during the Summer of 2025

Stanford University **Stanford, CA**
Virtual Reality Research Intern *August 2023 - December 2023*
- Developed the script for a Virtual Reality simulation on deforestation, immersing 350+ users in its environmental and human impact
- Identified a 35% increase in information retention among 1,500 participants (ages 12–18) compared to traditional reading methods
- Showcased the project to 50 Stanford faculty as a tool to advance sustainability research and expand access to climate education

DeWinter Group **Campbell, CA**
Business Analyst *June 2023 - August 2023*
- Researched 50+ competitor email campaigns from Silicon Valley firms, analyzing subject lines, content structure, and send times to optimize monthly outreach efforts, resulting in a 16% increase in open rates and a 25% increase in click-through rates
- Analyzed market demand signals and sector performance to present a Q3 2023 outlook to five senior portfolio managers

LEADERSHIP EXPERIENCE

US Naval Research Laboratory, Reinforcement Learning Research **Washington, D.C.**
Research Assistant *June 2025 - August 2025*
- Researched/implemented reinforcement learning techniques in application to imperfect information gaming for the US Navy
- Built multiple bots (using MCTS, Minimax, etc.) to play reconnaissance blind chess, achieved a final win rate of above 97%

AdPulse **Berkeley, CA**
Lead Developer *July 2022 - August 2025*
- Built and trained a machine learning model in Java using logistic regression algorithms to predict online commercial effectiveness
- Analyzed demographic datasets from ten cities in CA, including age and income, to identify key predictors of audience engagement
- Piloted the algorithm to eight small businesses and four nonprofits, providing detailed performance insights and engagement recommendations, leading to a 20% increase in sales for businesses and a 55% boost in event attendance for nonprofits

Trendz **San Jose, CA**
Event Director *April 2024 - July 2024*
- Hosted a vintage fashion show to raise awareness about clothing waste and sustainable shopping, attracting 200+ guests
- Secured $3,500 in sponsorships from six local thrift stores and generated an additional $1,800 through ticket sales
- Rolled out 15 textile recycling bins across the SF Bay Area, utilizing profits to divert 550+ pounds of clothing from landfills
