ALEXANDER DOBREV

Berkeley, CA | (847) 571-2463 | alex_dobrev@berkeley.edu | linkedin.com/in/alex-dobrev

EDUCATION

University of California, Berkeley — College of Letters & Science *Berkeley, CA*
Intended Majors: Applied Mathematics & Economics | Expected May 2030 | ACT: 36
Relevant Coursework: Linear Algebra & Differential Equations (Math 54), Discrete Mathematics (Math 55), Structure & Interpretation of Computer Programs (CS 61A)

EXPERIENCE

Eckhardt Trading Company — Trading Intern *Chicago, IL | Jul 2024 – Apr 2026*
- Built and backtested statistical-arbitrage and mean-reversion strategies in Python (pandas, NumPy, scikit-learn, statsmodels) using factor-based signals derived from historical market data.
- Applied principal component analysis to research datasets, isolating market factors behind cross-asset co-movement to guide signal construction.
- Produced fundamental and quantitative equity research on NVIDIA, Microsoft, and Alphabet; presented findings and trade ideas to the research team and supervisor.

Primo+ — Market Researcher *Remote | Nov 2025 – Mar 2026*
- Built Excel-based comparisons of housing prices, demand, and investment trends across Sofia, Plovdiv, and Varna using public datasets, local financials, and macroeconomic indicators.
- Synthesized findings into investment recommendations and presented them directly to company leadership.

Glenview Tutors — Lead Tutor *Wheeling, IL | May 2024 – Jan 2026*
- Tutored 40+ students in mathematics, English, physics, and ACT preparation, driving average score gains of 7–8 points.
- Managed and trained a team of tutors, building standardized assessments, scheduling systems, and client communication processes.

PROJECTS

ChartProj.com — Founder & Developer *Jan 2024 – Present*
- Designed and launched a Python- and HTML-based technical analysis platform that grew to 4,200+ monthly users.
- Built a public API and normalized-distance algorithm scoring recurring price-movement patterns across multiple time windows in a database of 2,000+ securities.

Investment Research & Portfolio Management — Self-Managed Investor *Aug 2024 – Present*
- Grew a self-managed equity portfolio 48% over two years through independent research and active position management, outperforming the S&P 500's ~37% return by 11 percentage points.
- Authored an independently published study segmenting 540 companies into eight EPS/revenue beat-miss categories to isolate which combinations drive the strongest post-earnings price reactions.

TeensMoney — Co-Founder *Dec 2024 – Feb 2026*
- Co-founded a financial-literacy nonprofit and built its AWS-hosted website, TeensMoney.org, reaching a peak of 3,000 monthly users.
- Conducted 100+ executive interviews and partnered with schools across four states to deliver investing presentations and a hands-on stock-market simulation.

LEADERSHIP & HONORS

- DECA, Vice President (Aug 2024 – May 2026) — Co-led $10,000 in fundraising, grew membership from 160 to 200+, and mentored competitors; Top 20 (Stock Market Game) and Top 10 (Entrepreneurship) at DECA ICDC.
- Competition Scholars Club, Founder & President (Mar 2024 – Apr 2026) — Built a two-school academic competition club to 70 registered / 40 active members; led twice-monthly economics workshops and produced 30 study guides.
- PennSEM Business Case Competition — 1st Place, North America; 4th Place, Global (2025)
- CME Group Trading Challenge — Top 5%, Individual Division (2026)
- AIME Qualifier (2024, 2025) | International STEM Olympiad – Mathematics, Top 10% Finalist (2025)

SKILLS & INTERESTS

Tools: Python, Excel, AWS, HTML, API integration
Libraries & Methods: pandas, NumPy, scikit-learn, statsmodels, PCA, data visualization
Certifications: Bloomberg Market Concepts (BMC), Aug 2026
Interests: Sudoku, Tennis, Skiing
