Education

University of California, Berkeley — Berkeley, CA
Bachelor of Arts in Economics — 2027

De Anza Community College — Cupertino, CA
Associate of Arts in Economics — 2025

Experience

Astraeus Capital Fund — Singapore
Summer Analyst — June 2025 – August 2025

- Researched long/short equity opportunities in consumer and technology sectors, pitching investments for senior analysts.
- Conducted comparative analysis of peer companies and industry multiples, presenting biweekly equity research theses to support rating recommendations adopted in team portfolio.
- Contributed to intern-led investment fund managing $100K of capital, collaborating with other interns to source ideas and execute trades.
- Prepared market briefs on new economy, technology and at-risk companies to support trading desk decisions, summarizing pricing trends and key supply/demand drivers, contributing to allocation decisions.
- Produced sector outlook reports and thematic analyses used by senior analysts to frame portfolio positioning.

Auspac investment Management — Singapore
Summer Intern — June 2024 – August 2024

- Conducted equity research across APAC markets, built valuation models influencing allocation in client portfolios.
- Drafted investment reports on equities with emphasis on technology and consumer sectors, presented findings to analysts.
- Collaborated with 5-member team to analyze sector trends and develop equity investment theses incorporated into weekly strategy meetings.
- Evaluated company earnings and operating metrics against sector benchmarks to identify potential mispricing.
- Developed a screening report framework to streamline recurring equity research deliverables, reducing turnaround time for analyst reviews.
