EDUCATION

University of California, Berkeley — **Berkeley, CA**
Haas School of Business — *August 2026*
Henrico High School - *GPA: 4.6367/4.0; ACT: 35* — **Henrico, VA**
International Baccalaureate Diploma Programme, Advanced Placement Program — *August 2022- May 2026*

WORK EXPERIENCE

Bank of America Student Leader — **Richmond, VA**
Summer Intern — June *2025 – August 2025*

- Selected as 1 of 315 interns nationwide from a pool of 12,000 applicants (2.6%) for Bank of America's Student Leaders Program.
- Co-designed two digital apps, YMCA Connect and YMCA Align, using data modeling and smart algorithms to match members by interests and programs, achieving 97% match accuracy; currently being implemented statewide across Virginia YMCA branches.
- Created and led evidence-based training modules for staff in partnership with VCU researchers, the Autism Society of Central Virginia, and Sportable, enabling employees to recognize early mental health signs and foster inclusion for people with disabilities.

Federal Reserve Bank of Richmond — **Richmond, VA**
Research Assistant — *July 2025 – September 2025*

- Analyzed 200+ property datasets to examine how commercial construction, including office, mixed-use, and retail developments, affected housing affordability across the Richmond metropolitan area; identified a 12% increase in commercial activity.
- Built valuation and regression models using Excel and Python to analyze relationships between property values, lease rates, and rents across thriving areas including Manchester, Glen Allen, and Henrico to inform a regional economic report of housing trends.

LEADERSHIP EXPERIENCE & PROJECTS

STEM Z Program — **Glen Allen, VA**
Co-President — *July 2021 – Present*

- Led a STEM education nonprofit serving 1k+ students from diverse socioeconomic backgrounds, delivering 10+ annual initiatives.
- Increased program reach by partnering with 10+ organizations, including Fortune 500 companies (Capital One, Smurfit Westrock) and community groups (Henrico 4-H, I'm Determined, Hands On Network, Tutor Doctor, and Henrico County Public Schools).
- Equipped 20+ learners with AWS cloud computing skills through an adult education program in collaboration with Capital One.

RAMPS RVA — **Glen Allen, VA**
Student Director, Chapter President, & Summer Intern — *June 2022 – August 2026*

- Led 15 high school chapters and 500+ volunteers, coordinating 60+ modular wheelchair ramp builds and managing the internship program with 5 student interns; improved accessibility and independence for individuals with disabilities across Central Virginia.
- Utilized CAD design tools (Onshape) to plan and optimize ramp structures, enhancing build efficiency and accuracy by 30%
- Raised $50,000 through sponsorships with Cotiviti, Burns & McDonnell, and Marrand; efforts recognized by WWBT and WTVR.

Code4Cause — **Glen Allen, VA**
Co-Founder, President, & Director of External Communication — *June 2024 – Present*

- Co-founded a 501(c)(3) nonprofit that built 25+ custom websites for businesses, including RVA Works, Tennis For All, and Tasx.
- Expanded organization nationally by founding a Texas chapter; raised $5,000+ in grants and oversaw community partnerships.
- Taught IB Business & Management classes at 2 schools in Richmond, reaching 80+ students and covering core business concepts.

Patches — **Richmond, VA**
Co-Founder — *May 2026 – Present*

- Developing an agentic AI browser platform that interprets webpage content and learns user workflows through memory.
- Engineered core features including adaptive UI generation, contextual task automation, and intelligent workflow automation.
- Designed a community-driven marketplace enabling users to publish, discover, and monetize Patches across web applications.

Unifi — **Richmond, VA**
Co-Founder — *March 2026 – Present*

- Developing an AI-powered engineering whiteboard that converts sketches, documents, and raw ideas into structured designs.
- Building design features that detect missing connections, structural weaknesses, logical inconsistencies, and inefficiencies.
- Integrating CAD visualization and automated recommendations for engineering ideation, design validation, and rapid prototyping.

AWARDS

- National Economics Challenge Virginia State Champion & National Finalist
