FRED LABBAN

(916) 664-7773 ▪ fredlabban06@gmail.com ▪ 240 Blade Ct, Roseville, CA 95747

EDUCATION

University of California, Berkeley *Expected Graduation: June 2028*
B.A. Applied Mathematics and Economics (double major)

Sierra College *Graduated: May 2026*
Associate in Mathematics and Economics for Transfer GPA: 4.00/4.00

EXPERIENCE

Ernst & Young — Beirut, LB *June 2026 – July 2026*

- Analyzed the accuracy of financial documentation ahead of a corporate merger, measured by identifying 15+ inconsistencies in land-size records, by cross-referencing documentation against corporate filings for review by EY managers.
- Devised efficiency improvements to financial reporting for a client, measured by consolidating 30+ data fields into standardized Excel templates, by designing frameworks used across the engagement team to structure fragmented operational data for analysis.
- Facilitated financial analysis and decision-making for international clients across Saudi Arabia and Dubai, measured by producing deliverables across 4 concurrent engagements, by building Excel analyses and client-facing PowerPoint presentations under EY manager oversight.

Global Gate Capital — Beirut, LB *June 2025 – July 2025*

- Developed advisor decision-making on portfolio construction, measured by building models spanning equity, fixed income, and alternative asset classes, by building Excel-based allocation frameworks to evaluate risk-return tradeoffs.
- Evaluated fund selection for client proposals, measured by evaluating performance across a set of mutual funds and ETFs, by conducting relative valuation and performance attribution analysis.
- Assisted senior analysts in assessing private equity and hedge fund opportunities, measured by delivering scenario analyses and downside stress tests, by modeling risk exposure for client presentations.

BLOM Bank — Beirut, LB *June 2024 – July 2024*

- Assessed optimization opportunities in client investment strategies, measured by running sensitivity analyses across risk/return tradeoffs, by building portfolio allocation models spanning equity, fixed income, and alternative asset classes.
- Compared fund selection and benchmarking, measured by comparing performance using Sharpe ratios and benchmark data, by conducting relative valuation on mutual funds and ETFs using performance attribution.
- Appraised in evaluating downside risk and expected IRR for high-net-worth portfolios, measured by preparing financial models on private equity and hedge fund opportunities, by applying scenario analysis and stress testing alongside senior analysts.

LEADERSHIP

Treasurer, Phi Theta Kappa Honors Society — Rocklin, CA *May 2025 – Present*

- Raised and managed $7,500+ in chapter funds to support scholarships, service projects, and community outreach.
- Led fundraising and grant efforts that generated $4,700+, enabling partner food banks to distribute 5,000+ meals.
- Streamlined budgeting and negotiated vendor contracts, reducing event costs by 15% and increasing funds available for student programs.

President, Mathematics Club — Rocklin, CA *January 2025 – Present*

- Spearheaded recruitment and programming initiatives that grew membership 40% during tenure.
- Organized a campus-wide Math Olympiad and Integration Bee to increase student participation in problem solving.
- Tutored 5–7 students weekly, improving concept mastery and test preparedness for club members.
