- Certification: Wall Street Prep — Accounting & Financial Statement Analysis
- Relevant Coursework: Intermediate Microeconomics (Econ 100A), The International Economy of the 20th Century, Structure & Interpretation of Computer Programs (CS 61A), Statistics 20, Calculus II

PROFESSIONAL EXPERIENCE

UBS | Morgan Stanley | Bank of America — Remote **Dec 2025 – Sep 2026**

Make-A-Play Investment Banking Fellow — three consecutive cohorts

- **UBS | Summer 2026 | Klarna (FinTech M&A, Capital Markets & Strategic Advisory):** Selected as **1 of 50 NCAA athletes from 594 applicants**, then as 1 of 12 to lead the Monitoring Phase for a 5-person deal team, presenting live to UBS directors
- Framed Klarna's evolution from a balance-sheet lender to a capital-efficient fee-and-servicing network, assessing fit across product, geography, and capabilities against **119M consumers, 1.1M merchants, and $49B of forward-flow capacity**
- Built a board-level leveraged take-private recommendation at **$27.00/share and $6.9B EV**, modeling a 22% FY31E operating margin to generate **~3.0x MOIC and 25% IRR** while stress-testing downside returns and exit pathways
- **Morgan Stanley | Spring 2026:** Completed 20+ hours of behavioral and technical interview preparation, competing against **376 fellows** across 3 Superday-style mock interviews in the Morgan Stanley Skills Challenge
- **Bank of America | Fall 2025:** Simulated an analyst role in the Global Investment Banking division over 10 weeks, delivering 10+ weekly accounting, valuation, and transaction assignments with a **perfect submission record**

OpenAI — Berkeley, CA **Mar 2026 – Present**

Campus Ambassador, ChatGPT Lab

- Selected nationally for **Cohort 4** of the ChatGPT Lab, OpenAI's undergraduate research program spanning **70+ campuses**, delivering direct product feedback to OpenAI teams on tools ahead of public release
- Source and document emergent AI use cases through peer-led campus sessions, contributing findings that inform OpenAI education product development
- Lead independent research applying generative AI to scheduling, recovery tracking, and time management for Division I athletes

Next Day Knives — Marin County, CA **Nov 2023 – Present**

Founder & Head of Operations

- Founded and scaled a knife-sharpening business, growing **monthly revenue 500% within 12 months** through targeted grassroots marketing and a high-value referral network
- Manage end-to-end operations for **50+ residential and professional clients** with 100% service precision and 24-hour turnaround, generating thousands in annual profit alongside a full Division I athletic schedule

Goldman Sachs — Remote **May 2026 – Jun 2026**

Possibilities Series Participant

- Selected nationally for an intensive program on Wall Street fundamentals, personal branding, and investment banking technical skills

LEADERSHIP & ATHLETICS

UC Berkeley Varsity Rugby — Berkeley, CA **Aug 2025 – Present**

NCAA Division I Student-Athlete

- Commit **25+ hours per week** to elite training, film review, treatment, travel, and international competition while carrying a full course load; mentor incoming freshman athletes on team culture and standard operating procedures

Next Level Sports — Mill Valley, CA **Dec 2021 – Jan 2025**

Flag Football Head Coach

- Directed practice plans and game strategy for 25+ youth athletes across multiple seasons, maintaining a 100% player and parent satisfaction rate

Voyager Outward Bound School — Boundary Waters, MN **Jun 2021 – Jul 2021**

Expedition Member

- Completed a 3-week off-the-grid expedition, navigating 100+ miles of remote terrain by topographical map and compass under high-stress conditions
