WORK EXPERIENCE

Berkeley Frontier Fund Jun 2026 – Aug 2026
Investment Analyst Intern
- Conducted due diligence on growth-stage investments to assess strategic fit, financial performance, and transaction risk
- Built 100+ company screeners and investment memos across AI infrastructure, biotech, and vertical software, analyzing competitive dynamics, management teams, capitalization histories, and revenue traction to support decision-making
- Built an internal tool that maps target companies to Berkeley alumni contacts, ranks them by fit, and generates a personalized outreach email for 50+ companies per week; integrated it end-to-end into the fund's outreach process

Amazon Web Services Feb 2026 – May 2026
Strategy Consultant
- Conducted end-to-end market research and strategic analysis for AWS's European Digital Sovereignty offering
- Synthesized market research and stakeholder insights into strategic growth recommendations across regulated sectors, presenting findings on trust, migration friction, and governance transparency to project stakeholders

The Coca-Cola Company Feb 2026 – May 2026
Strategy Consultant
- Conducted market research and strategic analysis across Coca-Cola's functional beverage portfolio
- Developed and presented a growth strategy strengthening Smartwater's performance-oriented brand identity through athletic positioning, ingredient-based value messaging, packaging improvements, and evidence-backed activation plans

Elevate Diamond Strategy Nov 2025 – Feb 2026
Consultant Intern
- Supported client-facing market intelligence initiatives by conducting research and identifying partnership opportunities
- Drove a process improvement by building automated scraping workflows that consolidated corporate data into a centralized intelligence database, cutting manual research time by 80% and expanding competitor coverage

Buuz App Oct 2025 – Feb 2026
Product Growth & Strategy Intern
- Supported go-to-market strategy for a live-event discovery startup by identifying and engaging potential partners
- Conducted market and user research across 100+ events, venues, and student organizations to define target segments and user pain points, informing product positioning, feature prioritization, and go-to-market roadmap decisions

EXTRACURRICULARS

Microfinance at Berkeley Feb 2026 – present
Financial Analyst
- Performed credit risk assessments of small business financials and operations to support microfinance lending decisions
- Evaluated financial statements, repayment capacity, inventory, and organizational risk to determine candidates for Kiva-backed funding, documenting findings to support underwriting decisions and ongoing trustee/development support

Cambridge Center for International Research Apr 2024 – Oct 2024
Researcher
- Authored and published quantitative research using regression analysis to examine the relationship between aid and GDP
- Authored and published research on the effects of the Belt and Road Initiative on developing countries, analyzing debt exposure, infrastructure outcomes, and economic indicators using World Bank and government datasets

UC Riverside — Professor Paul D'Anieri Mar 2024 – Sep 2024
Research Intern
- Synthesized literature on Russia–Ukraine peace negotiations to support a faculty-authored book manuscript
- Reviewed and organized insights from 30+ peer-reviewed and policy sources, extracting negotiation models, historical case comparisons, and key constraints to inform chapter development and analytical framing
