JOHN CHENG

(+1) 341 - 666 - 2723 | johncheng@berkeley.edu | 2400 Warring Street | California, Berkeley, 94704

EDUCATION

University of California, Berkeley August 2025 - 2029
-Bachelor of Arts in Economics

WORK EXPERIENCE

CITIC CLSA (San Francisco) August 2026 - Present
Investment Banking Intern

- Assisted in managing and analyzing portfolios for **10+ HNW** client accounts representing **~$2M in AUM**, tracking asset allocation across equities, fixed income, and alternative investments
- Developed **20+ client-facing materials**, including pitch decks, buyer lists, market maps, and acquisition summaries, to facilitate senior bank outreach and deal execution.
- Streamlined buyer research and target screening for M&A opportunities by leveraging **Claude AI and M&A Flow AI**, increasing **efficiency by 30%.**

World Financial Group (Canada) March 2026 - June 2026
Financial Consultant Intern

- Conducted **30+ introductory financial education conversations**, discussing **TFSA plans**, cash flow management, and **RRSP setup** to drive client acquisition.
- Gained foundational knowledge in 4 key financial areas: insurance, wealth-building, retirement planning, and protection strategies.
- Onboarded **3 new clients** within the first week by streamlining follow-up and resource allocation, increasing team **productivity by 20%**.

Youphoria App December 2025 - March 2026
Data Analyst Intern

- Analyzed **1000+ user records** using **SQL** and **Python** to identify patterns in app usage frequency, feature adoption, and drivers of engagement.
- Applied funnel analysis and user segmentation to identify **30% of inactive users** and pinpoint critical drop-off points in the user journey.
- Developed **5+ key metrics** for **Excel dashboards** visualizing app time spent and feature performance, informing monthly strategy reviews on system effectiveness.

Polymarket April 2026 - Present
Campus Marketing Associate

- Selected as **UC Berkeley** associate to represent Polymarket's campus growth program and expand student awareness of prediction markets.
- Developed short-formed social media content that generated **100,000+ views** across TikTok audiences, expanding Polymarket's reach among college students and prospective users.
- Expanded Polymarket's reach among university students, acquiring **40+ new student** users through targeted content and data-driven strategy.

PROJECTS AND LEADERSHIP

Oski Subleasing Project | JavaScript, Python, HTML/CSS, MongoDB February 2026 - April 2026

- Designed and developed a full-stack subleasing platform utilizing **JavaScript**, **Python**, **MongoDB**, **HTML/CSS** to facilitate posting, browsing, and managing listings for Berkeley students; aimed to serve **10,000+ Berkeley students.**
- Engineered **backend models** for user profiles and listings; organized key details such as rent price, location, availability fees using **MongoDB** for efficient data management; supported a database structure capable of handling **35,000+ listings.**
- Presented the project to a class of **150+ web development students,** explaining product design, technical structure, and potential business use case.

M&A Flow AI Project | Python, JavaScript, APIs, HTML/CSS April 2026 - June 2026

- Designed a **5-factor weighted scoring model** comparing acquisition targets across strategic fit, revenue growth, valuation attractiveness, synergy potential, and deal risk.
- Integrated **OpenAI** API to generate structured deal outputs, including executive summaries and acquisition recommendations, saving **10+ minutes** per analysis.
- Deployed the platform on **Vercel** and supported real-world M&A analysis for **EdgeNext's edge cloud**, **CDN**, and emerging-market infrastructure strategy.

Kappa Sigma Fraternity Beta Xi Chapter (Berkeley) December 2025 - Present
Philanthropy Chair

- Spearheaded fundraising initiatives, organizing **3+ events** including "Pie a Brother" and rose sales, **raising $1,500+** and engaging **500+ students** for Saint Jude Children's Research Hospital and Military Heroes.
- Enhanced community engagement by co-hosting events with Gamma Phi Beta, and securing **Monster Energy sponsorships**, strengthening campus partnerships and event support.
- Managed logistics and promotion for **3+ chapter events**, ensuring successful execution and positive participant experiences for all attendees.

Sunshine Foundation (Canada) August 2023 - July 2025
Director of Executive Operations

- Led the student board, overseeing the establishment of **30+ clubs** and driving initiatives that raised more than **$90,000+** for diverse causes.
- Increased membership by **1,800 individuals** through strategic outreach.
- Spearheaded the annual Sunshine Cup, coordinating **10+ events** to foster community support and engagement.
