EDUCATION

University of California, Berkeley Expected Graduation: May 2029
B.S. Electrical Engineering & Computer Science (EECS) **GPA:** 3.88 / 4.0 | **SAT:** 1590

- **Relevant Coursework:** Algorithmic Data Structures, Interpretation of Computer Programs, Engineering Ethics, Abstract Linear Algebra
- **Awards and Honors:** IB Diploma (40/45) + AP National Scholar

PROFESSIONAL EXPERIENCE

Lynx Data Insights and Gili Properties | Property Manager + Technical Lead *Jun 2025 - Present* | Seattle, WA

- Built Python/SQL predictive dashboards for occupancy forecasting across 50+ properties, reducing admin overhead by 40%
- Designed Node.js/React APIs with real-time sync achieving 99.9% uptime and ensuring data accuracy across portfolio
- Automated AppFolio workflows for leasing and payments, saving staff hours weekly and enabling operational scale

University of Washington Shih Chieh Hsu Lab | Researcher *Oct 2024 - Jun 2025* | Seattle, WA

- Developed PyTorch/TensorFlow CNN models classifying EEG signals with 82% accuracy for emotional state prediction
- Processed neural data using Python and MATLAB, accelerating brain-computer interface research through signal-filtering and artifact removal

Veevo Health | Design Consultant (Contract) *Sep 2025 - Dec 2025* | San Francisco, CA

- Led UX redesign for AI-powered health monitoring platform following human-centered design process from research through final delivery
- Conducted 120+ user surveys and 16 interviews, synthesizing findings to inform iterative prototyping (low-fi through high-fi)
- Delivered production-ready designs to founding team through Berkeley Innovation engagement

Kiwanis Camp Casey | Counselor and Leadership *Jul 2022 - Present* | Blaine, WA

- Engineered assistive device prototype using CAD, 3D printing, and C++ to solve mobility challenges for children with disabilities
- Led operations and volunteer training across 4 summers at nation's largest overnight camp for children with physical disabilities

LEADERSHIP & EXTRACURRICULARS

EdTech Privacy Compliance Platform | Founding Member *Aug 2025-Present* | Berkeley, CA

- Identified verification gap in K-12 edtech compliance where vendors self-report against FERPA/COPPA with no technical auditing
- Built Chrome extension that monitors third-party API requests and generates automated risk reports for school district procurement
- Secured discovery interviews with district technology directors within first month of customer outreach
- Researching AI approaches for automated privacy policy analysis against NDPA and state-specific requirements

Barbershop (GLS Barbers) | Founding Member *Jul 2022 - Present* | Berkeley, CA

- Launched and scaled barbershop to 15+ recurring clients, leveraging social media marketing to drive 2,000+ views per post
- Operating profitable service business at Berkeley while balancing EECS coursework

NYU Abu Dhabi AI Design Lab Challenge | Delegate *Jun 2024* | Abu Dhabi, UAE

- Selected as 1 of 3 U.S. delegates for global AI design program; led team to win Best Pitch for AI-powered music education tool

Leftover Project (Nonprofit Organization Food Waste) | Founding Member *Jun 2023-Feb 2025* | Bellevue, WA

- Founded food rescue initiative, pitching to school administration and coordinating expansion across multiple high schools in district
- Secured fridge installation and personally managed weekly produce collection, redistributing 600+ lbs to families through Hopelink partnership

ADDITIONAL INFORMATION

Technical Skills: Python, Java, C++, SQL, Node.js, React, PyTorch, TensorFlow, MATLAB, Figma, Git, HTML/CSS
Languages: English (native), Hindi (fluent)
Interests: Basketball, rock climbing, cooking, comedy, trying new foods, film | Lived in the Netherlands for 2 years
