Experience

London School of Economics and Political Science (LSE) London, UK
Summer School Student June 2026 – August 2026

- Studied corporate finance and investment analysis, including Net Present Value, capital budgeting, and real options.
- Applied portfolio theory and the Capital Asset Pricing Model to evaluate risk, return, diversification and investment decisions.
- Examined financial markets and derivatives, including market efficiency forwards, futures, options and option pricing.
- Analyzed corporate financing decisions such as capital structure, dividend policy, and Initial Public Offerings.

Contra Costa Climate Leaders Lafayette, CA
Paid Intern May 2024 – June 2025

- Created an electric vehicle (EV) fact sheet designed to inform city council members across all 19 cities in the county about the environmental and economic benefits of EV infrastructure.
- Formally presented the fact sheet to local government officials, advocating for the expanded use of state and federal grants dedicated to sustainable transportation initiatives.
- Focused on encouraging cities to use these available funds to install more EV charging stations in underserved areas, addressing both accessibility and equity concerns in public infrastructure.
- Researched and proposed strategies aimed at reducing consumer costs for EV charging, making electric transportation a more viable and affordable option for residents.

Rossmoor Elderly Center Walnut Creek, CA
Volunteer June 2022 – August 2025

- Devoted time to compassionate service at the Rossmoor Elderly Center in Walnut Creek, offering invaluable companionship and support to elderly residents.
- Assisted with essential tasks including errands and grocery carrying, demonstrating empathy and selflessness in catering to the needs of the elderly community.
- Provided meaningful assistance that enhanced the quality of life for residents, fostering a sense of belonging and well-being within the Rossmoor community.
- Organized educational lessons aimed to foster lifelong eco-conscious habits among younger generations in our community.

Orinda Magazine Orinda, CA
Commissioner July 2023 – August 2025

- Illuminate overlooked sustainability issues in a recurring column for Orinda Magazine, raising community consciousness about prevalent unsustainable practices. This reduced the town's carbon footprint by 3%.
- Exposed the detrimental impact of commonplace actions like unnecessary car trips and food waste on carbon emissions and environmental degradation.

- Catalyze community engagement and action by instilling a sense of urgency and responsibility to transition towards a more sustainable lifestyle.
- Empower individuals to make informed choices and embrace sustainable habits, fostering a collective effort towards building a resilient circular economy in Orinda.

Lafayette Community Garden Lafayette, CA
Volunteer June 2023 – May 2025

- Spearheaded innovative gardening techniques tailored for seniors, amplifying leadership prowess.
- Absorbed invaluable wisdom from elder volunteers, igniting a dedicated pursuit of environmental solutions.
- Compelled by firsthand insights into environmental challenges like excessive water usage, food wastage, and renewable energy deficits.
- Implemented data-driven strategies resulting in a 12% reduction in water and energy consumption.
