EDUCATION

Mechanical Engineering **2025-Now**
University of California, Berkeley Berkeley, California

High School Diploma (Rank 1 out of 140) **2021-2025**
Cathedral High School Los Angeles, California

EXPERIENCE

FRC Robotics Team **September 2021 – April 2025**
Cathedral High School Los Angeles, California

- Captain of the Varsity robotics team/ Student Mentor to the JV Robotics team
- Electrical and Design Lead
- 2022 FIRST San Diego Regional Winners

High School Honors Science Program Research Intern **June 2024 – August 2024**
Michigan State University East Lansing, Michigan

- Selected as one of 25 students for a selective residential research program. (acc rate<3%)

Educational Aid/ Student Intern **June 2023 – May 2025**
Petersen Automotive Museum Los Angeles, California

- Worked with the local Miracle Mile community and the broader Los Angeles community to educate and inform on the history and future of the automotive industry.

PROJECTS

Integration of Soft Twisting Pneumatic Actuators for Robotics **June 2024 – August 2024**

- I worked under Dr. Xiaobo Tan and with PhD candidate Preston Fairchilds on the use of soft robotics and their possible use in agriculture; I designed, simulated, fabricated, and tested a novel soft pneumatic twisting actuator.

TECHNICAL SKILLS

Software | Abaqus CAE, MATLAB, CAD (Onshape, Fusion, Autodesk)
Programming | Python, Java
Languages | Fluent in Spanish, Conversational in Chinese

AWARDS

Onward Scholars Scholarship (OSP)/ Math and Science Scholarship(M&S)

- OSP is a 36,000-dollar scholarship awarded over four years to students with strong academic and leadership backgrounds. M&S is a 12,000-dollar scholarship given over four years to students who have a strong academic background and show a desire to pursue math and science in the future.
