EXPERIENCE

Palm House Hospitality — San Francisco Bay Area, CA
Business Operations Intern — *June 2025 - August 2025*

- Conducted a comprehensive competitive market analysis, complete with pricing structure analysis and industry benchmarking, to evaluate competitive advantages and improve customer retention
- Planned and executed a successful themed community event at Palm House, managed a significant budget, created engaging marketing content, and drove ticket sales through creative promotions

Uber — San Francisco Bay Area, CA
Strategy Consultant — *February 2025 - May 2025*

- Conducted market research in the auto insurance industry to design more efficient and scalable claims processes for Uber drivers, enhancing speed, cost-effectiveness, and overall claims accuracy
- Evaluated claims processes across top auto insurance providers, benchmarking best practices, and identifying key insights to optimize Uber's insurance model for faster resolution and reduced fraud

Trader Joe's — Greenbrae, CA
Crew Member — *March 2022 - August 2024*

- Maintained an in-depth understanding of store layout, product inventory, and seasonal offerings to assist customers, providing personalized recommendations to ensure a seamless shopping experience
- Operated point-of-sale systems efficiently while addressing any inquiries to ensure exceptional customer service, resolving issues promptly, and creating a welcoming checkout experience

COMMUNITY IMPACT

Tau Kappa Epsilon, Nu Chapter — Berkeley, CA
VP Event Planning Chair — *December 2024 - May 2025*

- Spearheaded partnerships with 10+ sororities, increasing chapter visibility, strengthening social network connections, and fostering collaborative events while under a strict budget
- Planned 15+ large-scale social events, including theme development and budget allocation, with an attendance of 100+ guests per event, ensuring seamless execution through risk assessment

Ceres Community Project — Novato, CA
Weekly Teen Leader — *June 2021 - August 2024*

- Crafted personalized, nutrient-rich meals tailored to support the health and recovery of those facing serious illnesses, such as cancer patients, through thoughtful, science-based nutrition
- Led meal preparation efforts by directing teenage volunteers, delegating tasks efficiently, and ensuring smooth operations to deliver around 215,000 high-quality meals to 1,500 families each year
