NOAH SLOTNICK-LASTRICO

Santa Barbara, CA | 805-895-0328 | nslotnick-lastrico@berkeley.edu | linkedin.com/in/slotnick-lastrico

EDUCATION

University of California, Berkeley *Berkeley, CA*
B.A. Molecular and Cell Biology (Intended); LSBE Business Dual Degree Track *Expected May 2030*
Related Coursework: Chemistry 1A/1AL, Mathematics 51, Molecular and Cell Biology 98, Psychology 1, Italian 40
Honors: AAPLE Academy for Leadership and Enrichment, selected 1 of 33 from approximately 150 applicants

San Marcos High School **GPA: 4.50 weighted / 3.95 unweighted**
High School Diploma, Santa Barbara, CA *Graduated June 2026*

PROFESSIONAL EXPERIENCE

Eye & Vision Care Optometric Group *Santa Barbara, CA*
Clinical Intern *June 2026 - August 2026*

- Ran OCT and Optos retinal imaging over an eight week rotation at 12 to 16 hours per week alongside the practice's doctors.
- Performed intraocular pressure testing and full patient pretesting, preparing each chart before the doctor entered the exam room.
- Entered and checked patient data in the records system, verifying intake information and imaging results before appointments.

Santa Barbara Cottage Hospital, Cottage Health *Santa Barbara, CA*
Volunteer Ambassador *June 2023 - August 2026*

- Assisted roughly 40 patients and visitors per shift across 550+ service hours, most of them older adults moved by wheelchair.
- Grew into a lead role, listed first on the shift roster and training three incoming volunteers on privacy, safety, and transport.
- Received the Cottage Health Scholarship, awarded to 6 of the roughly 1,200 volunteers across the hospital system that year.

In-N-Out Burger *Santa Barbara, CA*
Store Associate *August 2025 - July 2026*

- Advanced to Level 2 associate while carrying a full course load, rotating across multiple stations during peak volume shifts.
- Trained two new hires on food safety standards, register work, and store operating procedures during their first weeks.

LEADERSHIP EXPERIENCE

Market Volatility Trading Model, Independent Project *Santa Barbara, CA*
Developer and Analyst *May 2026 - July 2026*

- Built a Python command line tool with Claude Code that ran a simulated portfolio, adding and dropping equities day to day on a volatility signal that combined historical price patterns with analysis of news coverage and trader sentiment in the market.
- Found that the more trades the model made the more it lost, then retrained it to hold through dips and match the S&P 500.
- Backtested on the prior year, then ran the model live from May 7 to July 21, 2026, rebalancing daily for a return near 3.5%.

AAPLE CyberTutorial *Santa Barbara, CA*
Reading and Math Tutor *August 2023 - September 2025*

- Tutored five third graders from underserved backgrounds free of charge, building sessions around pre-assessment results.
- Raised post-test scores by approximately 27% in math and 24% in reading across two academic years of tutoring sessions.

Boy Scouts of America *Santa Barbara, CA*
Eagle Scout, Senior Patrol Leader *2014 - 2026*

- Directed a four month Eagle Scout service project, coordinating 12+ volunteers and 150+ labor hours to build a mosaic cob bench that is now used by roughly 100 students daily, and delivered the finished bench about 35% under its approved budget.
- Served as Senior Patrol Leader, the troop's top youth position, and earned Eagle Scout with Bronze, Gold, and Silver Palms.
