ACADEMIC DETAILS:

UC Berkeley: BS in Business (Global Management Program)+BA Data Science; Class of 2029

Palos Verdes High School: 17 Advanced Placement Courses; 4.76 GPA
Harbor College (Course Certificate in Business): Intro to Business, Statistics 101, Principal to Finance, and Business Law

Work Experience

CEO and Founder of Blossom Fund 2023-Present: Raised $10,000+ USD for women entrepreneurs in Bangladesh. Selected for the UN Youth ECOSOC Forum to present at United Nations HQ in NYC. Secured a partnership with BRAC, one of the largest microfinance organizations in the world, to deliver microloans. I partnered with people across the world to help support the cause. Presented to 250+ on poverty and microfinance.

Intern for Ban Ki-moon Foundation 2025: Globally promoted the UN 2030 Goals to hundreds through social media and other platforms like Zoom. Discussed ideas and ways with leading experts on how to deal with climate change and other problems facing the developing world. Help come up with ideas on youth outreach and school events.

Intern for Congresswoman Michelle Steel (2022-2024): Worked on phone banking, voter outreach, and fundraising for Congresswoman Michelle Steel. Helped voters register for midterm and aimed to educate people about key policy initiatives that the congresswoman supported.

Research

Writer at Curiex Journal 2024-2025: Published study on microfinance in Bangladesh vs. South Africa. Developed a rubric to gauge the efficacy of microfinance systems by examining the impact of government policies on them, while also examining companies' internal microfinance structures. Presented findings to BRAC and applied knowledge to Blossom Funds.

Intern at USC Center for Public Future and USC Wrigley Institute for Environment and Sustainability (2024): Wrote and published a conference summary paper on USC's website about the USC Climate Forward Summit. Met with political scientists to discuss five CA public policy initiatives. I wrote a policy advisory paper on environmental policy, which examined the impacts of the future of American environmental policy on climate change.

School Leadership

Model United Nations President (2021-2025): Organized five school-wide simulations and PVHS MUN conferences attended by 80+ students. Started MUN in 9th grade. Became a novice trainer my sophomore year, then treasurer, and finally secretary general. Educated people on topics ranging from sub-Saharan Africa to Latin America. Won 7 regional/national level awards, most in the program's history.

Vice President of Speech and Debate (2022-2025): Founded extemporaneous speech, an event where you are given only 30 minutes to prep and memorize a 7-minute speech on geopolitics. Tutored 10 HS students & grew the program by 20%. Gave lessons on extemporaneous speech and geopolitics to students. First student in school history to qualify for NSDA and win national-level tournaments.

Lead Pre-Trial Attorney for Mock Trial (2022-2025): Selected as team MVP for three consecutive years (out of 30 members). Presented arguments on cases for pre-trial motions that ranged from topics such as geofence warrants to 5th Amendment privileges. Helped craft cases and possible objections on the team. Faced on-the-spot questions from real judges, & prosecutors about the case

Capital Convoy leader (2024): Selected to meet with lawmakers, senators, and senior staff to discuss funding increases for the school district. Worked with my peers to try to get a bond passed by the California state legislature. Personally asked questions to local state assemblymen and state senators. Selected by administrators to present a bond measure campaign to the school board.
