WORK EXPERIENCE

Cofounder & Head of Operations — Milpitas, CA
Lemonhat Inc. (acquired) / www.lemonhat.io — October 2020 – December 2025

- Scaled farm-to-table delivery service to **$6M lifetime revenue** connecting 300 farmers to consumers
- Designed a batched delivery logistics model, reducing delivery costs by 35% vs. traditional delivery
- Recruited, onboarded, and managed 30+ local farm partners, negotiating supply agreements and pricing
- Spearheaded **recurring syncs with 50+ employees**, tracking KPIs to identify bottlenecks and iterate ops

Head of GTM — San Jose, CA
Prosimo (acquired → Palo Alto Networks) — June 2019 – February 2025

- Trained and oversaw a 10-person sales team, closing enterprise partnerships w/ **NBA, Rakuten, Verizon**
- Owned full GTM, translating market signals into actionable plans presented weekly to C-suite leadership
- Managed key client relationships post-sale, serving as the primary point of contact between corporate reps and technical staff; led monthly check-ins and resolved escalations before they hit renewal risk
- Organized **biweekly client events/dinners**, reinforcing relationships that supported renewals & expansion

Chief of Marketing — San Jose, CA
Palo | https://www.palo.ai/ — May 2026 – Present

- Built and **scaled $xxK paid ad campaigns**, A/B testing creatives and messaging to optimize CAC
- Built and deployed an internal AI automation system handling prospecting, messaging, and follow-up end-to-end, eliminating manual sales ops work and cutting operating costs by projected **$77K per annum**
- Designed the content strategy infrastructure behind AI content engine, improving model accuracy by 19%

Head Researcher — Berkeley, CA
University of California, Berkeley — August 2025 – Present

- Applied logistic regression analysis on survey data to evaluate the effectiveness of a new oral rehydration therapy drug on diarrhea-affected children in third-world countries
- Performed statistical modeling on household fuel-use patterns to support a research proposal on chulha-to-LPG stove conversions in collaboration with the Council on Energy, Environment & Water

Social Media Marketing Coach — Berkeley, CA
Freelance — April 2025 – Present

- Planned content strategy for top influencers in the men's health and wellness space (models, bodybuilders, beauty creators), collectively helping clients grow by **700K+ followers**
- Owned creative direction (scripting, filming, editing) for affiliate ads content, driving 45% higher payouts
- Monetized views by creating online communities, courses, coaching funnels with **30K+ paid members**

Founder & President — Fremont, CA
Washington High School Web Development Club — August 2022 – April 2025

- Trained and delegated a team of 30+ coding novices to launch 10+ websites/apps for underperforming mom-and-pop stores in Bay Area, improving revenue by ~20% on average

Researcher — Santa Barbara, CA
University of California, Santa Barbara — June 2024 – August 2024

- Trained feedforward neural networks & generalized linear models to forecast fish biodiversity across multi-decade horizons, benchmarking with cross-validation, RMSE, & R^2
- Co-authored research paper establishing a correlation between coral bleaching & marine biodiversity
