WORK EXPERIENCE

Raffles Family Office — **Hong Kong**
Legacy Planning Intern — July 2025 – August 2025
- Developed an automated Excel dashboard to calculate and compare IRR insurance products, building a client-ready dashboard that increased process efficiency by 70%
- Acquired exposure to multi-asset class portfolio strategies through direct interactions with senior investment professionals, banks, and family office visits

Dotlas — **Remote**
Business Strategy Intern — May 2025 – August 2025
- Conducted competitor and content strategy research in the F&B analytics industry to support marketing initiatives
- Analyzed industry data on restaurant activations and deactivations on food delivery platforms across GCC markets and authored insight driven content materials

Cup Of Joy — **Bandung, Indonesia**
Operations Intern — November 2022 – August 2023
- Increased profits by 30% within 4 months by spearheading menu selection during launch, analyzing customer preferences and ingredient costs to develop an 8-item core menu with customizable variations
- Designed, implemented, and managed an inventory tracker, streamlining ingredients monitoring, reducing discrepancies, and ensuring optimal stock levels through accurate daily reporting

LEADERSHIP & PROFESSIONAL DEVELOPMENT

Extern — **Remote**
Equity Research Intern — April 2025 – July 2025
- Performed fundamental equity research on Box, analyzing 10-Ks, financial statements, competitive positioning, and macroeconomic/industry dynamics to develop a coherent investment thesis and scenario framework.
- Built valuation models (DCF, comps, precedent transaction) to derive intrinsic value, support long/short investment recommendations, and drafted a professional investment memo

Self-Directed Investments — **Berkeley, California**
Personal Portfolio Analyst — January 2022 - Present
- Achieved a 44% annual return over 2 years on my personal investment portfolio across stocks and cryptocurrency
- Developed investment strategies based on technical analysis (moving averages, RSI, and MACD) and market research
- Simulated trading scenarios for risk assessment and utilized Google Sheets to track portfolio performance

Haas Finance Group — **Berkeley, California**
Member — August 2024 – May 2025
- Completed a finance internship program focused on financial statement analysis, equity research, and valuation techniques, including hands-on DCF modeling, comparable company analysis, and precedent transaction evaluation

DVC Science and Engineering Society and Rotaract Club — **Pleasant Hill, California**
Director of Finance — May 2023 – March 2024
- Directed finance operations by creating fund requests and developing budgets, secured $3500 for club activities
- Tracked and recorded all club expenditures, ensuring accurate financial documentation and adherence to budget
