EDUCATION

University of California, Berkeley — **Berkeley, CA**

Bachelor of Arts in Economics — *Expected May 2028*

- **Academics & Honors:** GPA: 4.00/4.00 | ACT: 36/36 | Dean's Honors List
- **Coursework:** Corporate Strategy & Valuation | Calculus 3 | Micro & Macroeconomic Theory | Financial Accounting & Info Analysis

Transfer Institutions: Saddleback College & Coastline College – *A.S. Business Administration & Financial Economics*

Academics: GPA: 4.00/4.00 | Dean's Honors List | Honor's Program Scholar | Scholar of Distinction | Service Excellence Award

WORK EXPERIENCE

Longshot Space Technologies — **San Francisco, CA**

Venture Capital & Business Fall Intern — *Aug 2026 – Present*

- Led investor meetings & direct engagement with gov. and VC counterparties, preparing the underlying analysis used in positioning both business lines
- Built cost model comparing terrestrial vs. orbital data center economics using int. test data to underwrite a mass-to-orbit thesis, addressing TOTRE
- Developed $/kg-to-orbit unit economics & rev. build across business lines, sizing gov. and commercial launch markets to support Series A positioning

Sculptor Capital Management — **New York, NY**

Summer Analyst — *May 2026 – Aug 2026*

- Conducted macro-equity research on cyclical AI effects in the mkt to separate tangible/intangible industries & estimate trading multiple convergence
- Constructed an AI-automated I&P calculator processing 14,000+ investment codes to support FI PnL monitoring across credit investment strategies
- Produced investment performance analysis across 4,000+ positions, isolating underperforming & negative CFs to drive future investment decisions

Selected Investment Research: *Long Thesis - $5.5bn US-Listed Industrial Software Spin-Off from EU Parent*

- Researched SEC filings, investor materials, industry activity, & sell-side consensus to identify 5 SaaS-business specific rev. drivers, compared -4% reported rev. to +7% ARR growth & proposed a mkt mispricing of divestiture drag as lost demand
- Built undisclosed product mix split to drive the rev. build with ~90% of accounts on one product at 53% of ARR vs ~10% multi-product at 47%, derived from $1.14bn reported ARR, anchored base case to 3%/yr growth in upselling customer conversions
- Modeled 3 statements to bull/base/bear FCF, justifying a 32% EBITDA discount to peers (10.8x/15.8x), holding 17.5x EV/FCF exit vs 17.1x current
- Underwrote $28.80 PT (13.1% ann. base & ±1SD) timed to Q3 divestiture lap as mkt repricing catalyst; pinpointed 4 macro headwinds/tailwinds

Zeutara — **Berkeley, CA**

Growth Spring Analyst — *Jan 2026 – May 2026*

- Sourced & evaluated 210+ businesses, diagnosing infrastructure gaps & conversion friction to prioritize high-probability outreach targets by sector
- Identified rev. drivers across consumer/tech companies to evaluate underperformance & tailor specific operating fixes tied to rev. & QoQ growth
- Built automated verification pipeline with 14 integrations to independently qualify leads, classify prospects, & auto-draft personalized outreach emails

Nxtlinq — **Irvine, CA**

Data Analytics Summer Intern - AI Development — *Jun 2024 – Aug 2024 | Jun 2025 – Aug 2025*

- Analyzed outputs for AI model development across query allocation splits, optimizing to drive improvement in predictive accuracy & responses
- Identified nonlinear inflection point in model allocation where hallucination risk spiked, informing team's decision to build a query classification layer
- Presented R visualizations & scenario analyses to 15 developers & 6 law firm execs to guide litigation strategy & settlement exposure assessment

LEADERSHIP & ACTIVITIES

MazerGroup LLC | Equities Fund — **Newport Beach, CA**

Partner — *Aug 2025 – Present*

- Led equity research & pitch for RKLB, conducting financial analysis & defense sector mapping to secure $5k allocation; position appreciated

Mangusta Capital — **Remote**

Venture Capital Winter Extern — *Dec 2025 – Feb 2026*

- Sourced 5 early-stage startups across AI, fintech, & healthcare, evaluating MKT size, founder quality, & traction signals to advance 1 to full diligence
- Conducted full diligence on Isomorphic Labs, assessing AlphaFold technology lineage, pharmaceutical partnership validation, & capital intensity risk
- Built report & synthesized findings into a full recommendation covering thesis rationale, primary risks, & strategic alignment with return objectives
