Yash Chainani

Electrical Engineering & Computer Science – UC Berkeley
Mountain View, California
650-793-7596 • **yashchainani@berkeley.edu**

Education

University of California, Berkeley, Electrical Engineering & Computer Science, 2025 – Present
- Awarded Regents' and Chancellor's Scholarship (top 1.5%)

Mountain View High School, 2021 – 2025
- Unweighted GPA: 4.0, Weighted GPA: 4.84
- National Merit Finalist + Scholarship (top 0.5% nationwide)
- Burwen Scholar (top 10 MVHS students)
- AP Courses: Computer Science, Calculus BC, English Language, English Literature, European History, Physics C: Mechanics, Physics C: Electricity & Magnetism, Statistics, Spanish Language, Spanish Literature, Macroeconomics, Government, Chemistry, Biology

Competition Scores
- SAT: 1570/1600 (99th percentile)
- PSAT: 1520/1520
- 2x AIME qualifier (American Invitational Mathematics Examination)

College Courses – Dual Enrollment
- *CS 2A, Object Oriented Programming in C++*, Spring 2022, Grade A
- *CS 2B, Intermediate Software Design in C++*, Summer 2022, Grade A
- *Linear Algebra and Multivariable Calculus*, 2023-2024 academic year, Grade A

Experience

Streamline Chat, Founder and CEO, May 2023 – Present https://streamlinechat.com/
Developed Generative AI-based chatbot to help small and medium businesses leverage a scalable and efficient automated customer support system. Onboarded initial customers. Demonstrated project to an MIT professor who was working on a similar application for the MIT Physics Department; worked with his team to improve the conversational experience and result accuracy of their LLM project.

Parkworks, Software Intern (paid), Oct 2022 - Feb 2023
Parkworks develops automated car-parking systems. Worked on software to detect the position of electric vehicle charge ports with millimeter accuracy and plug the cars in when parked. Used feature matching libraries such as AKAZE and SIFT, OpenCV image processing functions, and other vision and non-vision related techniques.

MVHS Math Club, President, Aug 2021 - Jun 2025
Started as a member; became Vice President in sophomore year and President in junior and senior years. Led weekly meetings to help members prepare for math competitions including AMC 10, AMC 12, and AIME. Increased number of AIME qualifiers from around 3 students each year to 9 students in 2024, which was recognized by the school principal.

Yash Chainani

MVHS Spartan Robotics, Computer Vision Lead, Sep 2021 – May 2023

Worked on the robot software, including C++ code to automate image captures during the intrinsics calibration process and detect the robot position based on AprilTag vision targets. Team won multiple awards at World Championships: Industrial Design Award and Division Finalist in 2022; Autonomous Award in 2023; several regional awards.

UC Santa Barbara, Summer Research Academies (SRA), Research Intern, Summer 2024
Worked with two other high school students under the guidance of a PhD supervisor to research the impact of media framing on public sentiment towards homeless individuals. Presented findings to over 150 people at the Capstone Seminar. Submitted a research paper to the International Communication Association.

Blach Competition Math Program, Lead, 2021 – 2025
Coached middle schoolers at Blach Intermediate School for AMC 8 and MathCounts competitions. Added engaging activities and games to the weekly meetings to boost outreach and emphasize the importance of math. Grew program from less than 10 students to 22 with sessions strengthening foundational math concepts using a fun and engaging approach.

Programming/Tools

- C++, Python, Java, JS, HTML, CSS, PHP, RobotC, LLMs, OpenCV, Gerrit, LLDB

Awards

- National Merit Finalist + Scholarship Winner, March 2025
- AP Scholar with Distinction Award, July 2025
- Invited to AIME twice based on AMC 10/12 competition score, November 2021 and November 2023
- Taekwondo 1st Degree Black Belt
- President's Volunteer Service Award, Young Adult Bronze
- Robotics: World Championship 2023 – Autonomous Award; World Championship 2022 – Industrial Design, Division Finalist; World Championship 2019 – Create Award, World Championship 2018 – Division Champion
- Qualified for USACO Silver on first attempt

Volunteering

- Weekly coaching sessions at Blach Intermediate School
- Invited by College Board to tutor peers for SAT; tutored eighteen students
- Volunteering at Second Harvest Food Bank
- Volunteering in the Technology Center at Mountain View Senior Center
- Recognized with President's Volunteer Service Award for over 100 hours of volunteering

Hobbies

- Reading, Finance/Investing, Tennis, Hiking, Violin, Music, Taekwondo Black Belt, Weights, Hackathons
