WORK EXPERIENCE

AnthrAI — **Berkeley, CA**
Product Management & UX Strategy Intern — *Nov 2025 - Present*

- Executed comprehensive UX audits for enterprise clients like Patelco to identify and resolve critical website pressure points.
- Utilized product management methods to translate user feedback into actionable insights for high-impact feature validation.
- Directed strategic outreach and technical demos to prospective major firms, successfully converting leads into clients.

Marketing Mindz — **San Jose, CA**
AI Product Development Intern — *May 2024 - May 2025*

- Led a 10-member team to deploy an AI assistant, cutting response times by ~10 minutes and boosting satisfaction by 30%.
- Developed multiple AI initiatives, including a chatbot legal platform that served 500+ users within its first month of launch.

Jose Valdez Math Institute — **San Jose, CA**
Program Assistant — *May 2023 - Jul 2023*

- Taught algebra to 30 students using creative instruction methods, improving comprehension and ensuring a 100% pass rate.
- Provided daily academic support, parent communication, and progress tracking, increasing student engagement by over 50%.

LEADERSHIP EXPERIENCE & ACTIVITIES

HAAS Business Student Association (HBSA) — **Berkeley, CA**
Tech Associate — Sept. 2025 - Present

- Managed the development and maintenance of the HBSA website to enhance the student experience and digital outreach.
- Partnered with Anthropic + Sutardja Center to host a hackathon starring industry leaders, securing 2 jobs for the winners.
- Designed and distributed the HBSA weekly newsletter to keep the Haas student body informed on critical opportunities.

FTC Robotics-Omega 9656 — **San Jose, CA**
Captain — *May 2019 - June 2025*

- Led a 15-member team to regional championships while securing several merit grants and corporate STEM sponsorships.
- Filmed a robotics documentary and founded/mentored numerous FLL and FTC teams to expand community STEM access.
- Built a coding website for 1300+ users to learn robot code and taught team members how to use CAD for custom parts.

Boy Scouts of America — **San Jose, CA**
Eagle Scout & Senior Patrol Leader — *Jan 2019 - June 2025*

- Managed 100+ scouts as Senior Patrol Leader, successfully organizing meetings, campouts, and essential leadership training.
- Earned Eagle Scout rank with 51 merit badges and 6 palms, continuing as a mentor to drive long-term local social impact.

Stock Prediction Research & Patent Pending — **San Jose, CA**
Researcher — *Aug 2024 - May 2025*

- Conducted research on stock prediction methods and designed improved approaches under the mentorship of a Cornell PhD.
- Developed a stock prediction model with 95% accuracy and $10,000 in simulated profits, which is currently patent pending.
