Rosa Jahankhah

rosa.jahankhah@berkeley.edu | 4088762500

EDUCATION

UC Berkeley | B.A | ***Berkeley, CA***

Statistics and CS | 3.73 | Spring 2026

De Anza College | A.S | ***Cupertino, CA***

Math and CS | 4.0 | Spring 2024

- **Relevant Coursework:** Calculus, Linear Algebra, discrete math, Data Structure, C++, Machine learning, Differential equation, program structure, Probability, Algorithms, Intro Biology, Chemistry 1, Abstract Linear Algebra, Abstract Algebra, the Concept of Probability for ML, Computing Data, Corporate Strategy and valuation, Concepts of statistics, Time Series, Stochastic Processes, Game Theory, Intro to Quant Finance

RESEARCH

UC Berkeley

Researcher ***May 2025 – Present***

- Working on Contract Theory, Game Theory, Optimization in **Prof. Michael Jordan's Lab**: Investigating inspection mechanisms and hidden-action problems in principal-agent models. Designing algorithmic frameworks for incentive-compatible contracts using tools from mechanism design, information theory, and submodular optimization.

Stanford

AI and Machine Learning Intern ***June 2024 – Dec 2024***

- Conducted AI/ML research under Professor Mao in a fully funded SURGE program. Designed computer vision pipelines for high-dimensional scientific data; implemented Python-based automation tools to improve signal extraction, alpha estimation, and dataset robustness. Used PyTorch, Pandas, and NumPy to simulate experiments, similar to backtesting models in trading. Improved data efficiency by 21%.

Stanford

Small Science Group (SSG) Leader ***Jan 2024 – Apr 2024***

- Researched AI applications in financial forecasting and risk modeling. Developed predictive models for financial time series using Python and SQL; collaborated with finance and CS teams to simulate strategy outcomes and improve research infrastructure.

WORK EXPERIENCE

De Anza College

Senior Math, Statistic Tutor ***Sep 2023 – June 2024***

- Led Math and Stat workshops, 100+ group and individual sessions, mentoring and managing 13 junior tutors

De Anza College

Research & Collaboration Coordinator ***Sep 2023 – June 2024***

- Led research for 400+ STEM students as MESA Ambassador, collaborating with Meta, Google, and NASA on AI and data science initiative

National Olympiad Center

Math Olympiad Teacher ***2020 – 2021***

- Taught advanced math concepts to high school students, Mentored a student who achieved a silver medal in the National Math Olympiad.

SKILLS

Technical Skills: Python (NumPy, Pandas, scikit-learn, PyTorch), R, C++, SQL, Excel, PowerPoint

Statistical & Analytical Skills: Hypothesis Testing, Regression Analysis, Machine Learning, Deep Learning, Probability Theory, Data Cleaning & Preprocessing, Data Visualization, A/B Testing, Statistical Inference, Time Series Analysis

Computer Science & Engineering Skills: Data Structures & Algorithms, Program Optimization, familiar Computer Vision, Generative AI, Prompt engineering

LEADERSHIP EXPERIENCE & ACTIVITIES

Small Science Group (SSG) Leader
Stanford, Jan – April 2024
Research on AI applications in Finance

President & Founder of AI World Club
De Anza College, Jan 2023 – Jun 2024
Led 7 officers and +90 members, collaborating with faculties

MPS, MESA, Stat Scholars
UC Berkeley, Nov 2024 – Present
Honorable member of academic STEM group

10-day FLAME AI workshop
Stanford, summer 2023
Worked on ML technique and challenges, Collaborating with Google Scientists

Women in AI Ambassador
UC Berkeley, Jan 2025
Research on AI in financial forecasting

Volunteer Transfer Mentor
UC Berkeley, Sep 2023 – Dec 2024
Weekly meeting with mentees and guide students

ACHIEVEMENTs

Rising Star in AI, North America Award
Women in AI, June 2025 (out of 1300 students)

Full tuition scholarship
UC Berkeley, June 2024

Silver rank in national Chemistry Olympiad
National Chemistry Olympiad, 2017 – 2018

Hackathon Finalist (2nd Place out of 1,000)
UC Berkeley, Dec 2024

Math department Dean's Honor List
UC Berkeley, 2024

Association of Women in Science Award
UC Berkeley, June 2024

Honorable list of PUTNAM
Mathematical Association of America, 2024

100% math Score on SAT
UC Berkeley, Aug 2024

5th rank in national chess Festival
Student National Chess Festival, 2017
